Case Study

HealthCare provider reaches peak efficiency

Challenge:

A healthcare provider in Orange County, California providing cancer treatments

After witnessing operational inefficiencies at the center, HealthCare Institute were determined to use technology to help him create an efficient, paperless practice.

Solution

Ashunya Corporation implemented a complete integrated solution with Microsoft® Windows® Small Business Server as the foundation. A wired and wireless network and several other integrated technologies and services make it possible for the institute to access patient information quickly and securely.

Results:

- Reduced annual administrative costs by more than U.S.\$65,000
- Increased overall efficiency by almost 60 percent
- Improved patient care and education
- Decreased the amount of time spent in the office
- Improved employee morale
